

*"The Home of  
Honda  
In Guyana"*

**HONDA**  
**MARINE**

**HONDA**  
**MARINE**

<u>FEATURES</u>	<u>SPECIFICATION</u>
Displacement	808 cc (49.4 cubic inches)
Bore & Stroke	70 mm x 70 mm (2.8 x 2.8 inches)
Full Throttle RPM Range	5,000-6,000 RPM
Rated Power	40 HP @ 5,500 RPM
Cooling System	Water Cooled
Fuel Delivery	Programmed Fuel Injection
Ignition System	MicroComputer Programmed
Starting System	Electric
Exhaust	Through Hub
Lubrication	Wet Sump
Trim Range	-4° to +16°
Tilt Range	63°
Gear Ratio	2.08:1
Gear Shift	F-N-R
Alternator with voltage regulator (Electric Start)	22-Amp (275 watt)
Battery Charging Power	17 Amps
Propeller	Optional
Power Tilt	NA
Power Trim & Tilt	Available
Gas Assisted Tilt	Available
Oil Pressure Alert	Standard
Temperature Alert	Standard
Rev-Limiter	Standard
Speedometer Pickup	Standard
Overall Width	372 mm/14.7 inches
L Type	508 mm/20 inches
L-Type	97 kg/214 lbs.

**Ready to take you to great places. Like the head of the class.**

The BF40 is an outstanding combination of Honda's legendary four-stroke engineering and our latest outboard innovations. The result? The lightest, most compact engines in their class. And because they are from Honda, they're loaded with the unparalleled features and technology you want.

Like BLAST (Boosted Low Speed Torque). It's activated by a quick movement of the throttle for vastly improved hole shots.

Programmed Electronic Fuel Injection, for easy starts, instant throttle response, slower trolling speeds, and overall better fuel economy.

Lean Burn Control stretches your gas even further by allowing a leaner air-to-fuel mixture.

Put it all together, and you'll find that the BF40 is not just at the head of the class. Its in a class by itself, redefining mid-range four-stroke performance.
